Subject index to volume 72, 1994

A

Abstracts
  ACAI annual meeting 52
  structured 183
Acrivastine, effect in cutaneous reactivity to histamine 520
Acquired immunodeficiency syndrome 185
Additives, as cause of attention deficit hyperactive disorder 462
Address, presidential 129
AeroChamber, compared with OptiHaler and metered dose inhaler 337
β_2-agonists, paradoxic bronchoconstriction from use of [Abstract] 222
Albuterol
  delivery 178
  delivered by OptiHaler and AeroChamber 337
Allergen
  indoor, effect in asthma 381
  recombinant, in diagnosis of allergy 499
Allergens, indoor, effect in asthma 381
Allergy
  cefonicid 341
  cockroach 203
  food 317
  frog [Abstract] 216
  latex 245
Anaphylaxis
  food-dependent, exercise-induced, effectiveness of cromolyn 452
  treatment of 393
Antibodies, specific IgE in different parts of Japan 441
Antihistamines 371
α_1-Antitrypsin, deficiency of 105
Arthritis
  inflammatory tryptase in synovial fluid of 425
  rheumatoid, interleukin-4 production in 360
Aspirin, sensitivity 29
Assay, enzyme-linked immunosorbent, for determination of fire ant venom specific IgE 329
Asthma 370
  acute, access to care in children with 469
  acute, bronchial, dyspnea in 250
  as an inflammatory disease 261
  bronchial reactivity in 167
  diagnosis 385
  effect of indoor allergens 381
  environmental risk factors 173, 182
  factors associated with nearly fatal [Abstract] 208
  in different parts of Japan 447
  masking chondrosarcoma 14
  mediating the inflammation of 260
  moderating the inflammation of 279
  nocturnal 5
  occupational 133
  possible viral etiology 156
  prevalence of insect allergen-specific IgE in 45
  prognosis 455
  psychologic symptoms in 229
  relationship to dust mites 163
  risk among respiratory therapists [Abstracts] 249
  risk related to methacholine responsiveness 534
  role of leukotrienes in 272
  treatment 385, 390
  treatment, effect of leukotriene antagonist 348
  treatment with budesonide 333
  use of bitolterol mesylate 209
Atopy, possible viral etiology 156
Azelastine, nasal spray 354

B

Beclomethasone, dipropionate 529
Bitolterol mesylate 209
Budesonide, effects on asthma 333

C

Cefonicid, delayed allergic reaction to 341
Chondrosarcoma 14
Chronic fatigue 35
Chronotherapy, in asthma 390
Colitis, ulcerative, serum immunoglobulins in 525
Complement 477
Corticosteroid, inhaled, in treatment of asthma 390
Crohn's disease 135
Cromolyn
  comparison with nedocromil [Abstract] 254
  effectiveness in food-dependent exercise-induced anaphylaxis 452
Cystic fibrosis 408

D

Deficiency, adenosine deaminase 395
Dermatitis
  atopic 24, [Abstract] 39
  atopic in different parts of Japan 441
  contact, due to nitroglycerin 344
Dialysis, renal, anaphylaxis to iron dextran in patients on 224
Disease, Crohn's 525
Disorder, attention deficient, hyperactive, foods and additives as cause of 462
Dyes, additive to medication 33

E

Environment
  home, effect on allergy 381
  risk factors for asthma 182
Eosinophilia, pulmonary 491
Eosinophils 376
Epinephrine 393
Exercise 167
Exercise-induced asthma, drug therapy [Abstract] 254

F

Fatigue, chronic, as a sleep disorder [Abstract] 35
Flunisolide 529
Fluticasone propionate, intranasal in treatment of allergic rhinitis 435
Food
  adverse reactions to 143
  as cause of attention deficit hyperactive disorder 462
  allergy to 317
Frog, allergy to 216 [Abstract]

H

Health care reform 287
Histamine, nasal provocation 321
Hospital employees, allergy to latex 245
Human immunodeficiency virus, epidemiology, in children 185

I

IgG3, decreased, chronic sinusitis 507
Immunodeficiency
  immunoglobulin secreting cells in 419
  syndrome, severe combined 395
Immunoglobulin
  intravenous, effects on immunoglobulin secreting cells 419
  serum in inflammatory bowel disease 525
Infection, human immunodeficiency virus, Reiter's syndrome in 307
Inhalers
  patient use [Abstract] 244
  powder compared with aerosol 178

technique [Abstract] 38
Insect, allergen specific-IgE 45
Interleukin-4, production in rheumatoid arthritis 360
Iron dextran, anaphylaxis to, in patients on renal dialysis 224

L

Leukotriene
antagonist to effect on asthma 348
role in asthma 272
Levocabastine, compared with terfenadine 429
Libel, risks in medical publishing 101
5-Lipoxygenase pathway, role in asthma 279

M

Methacholine 167, 534
Methotrexate, use in urticarial vasculitis 36
Microwave
gas toxicity 32
overheated, producing pulmonary toxicity [Abstract] 32
Mites, house dust 163, 541

N

Nedocromil, comparison with cromolyn [Abstract] 254
Nimesulide, in aspirin-sensitive patients 29
Nitroglycerin, as cause of contact dermatitis 344

O

OptiHaler, compared with AeroChamber and metered dose inhaler 337

P

Patient education information 133
Peptide, calcitonin-gene related,
lack of effect on nasal
glandular secretions 515
Physiology, pulmonary 385
Pneumonia, eosinophilia 491
Pollen, corn hypersensitivity to oral administration 415
Polyps, nasal, pathogenesis 19
Premarin, anaphylaxis to 33
Provocation, nasal, with histamine 321

R

Reactivity, bronchial, to ultrasonically nebulized distilled water 167
Reform, Health care 129
RG 12525 effect in asthma 348
Rhinitis 293
Rhinitis, allergic
guinea pig model 240
treatment with azelastine nasal spray 354
treatment with intranasal fluticasone propionate 435

S

Scabies, Norwegian 198
Sinusitis, chronic, decreased IgG3 associated with 507
Sleep disorder, masking as chronic fatigue [Abstract] 35
Syndrome
acquired immunodeficiency 408
DiGeorge 408
hypereosinophilia 491
Loeffler's 491
Nezelof 408
Reiter's 307
severe combined immunodeficiency 408
Sweet's 125
Weingarten's 491
Wiskott-Aldrich 408

T

Terfenadine
compared with topical levocabastine 429
effect on cutaneous reactivity to histamine 520
lack of effect on urination 441
Testing, blind food challenge 235
Theo-24, steady-state, bioavailability, in men 218
Theo-Dur, steady-state, bioavailability, in men 218
Theophylline, in treatment of asthma 390
Tryptase, in synovial fluid 425

U

Ulcerative colitis, immune mechanisms 135
Urticaria, chronic, psychologic symptoms in 229
Urination, lack of effect of terfenadine on 441

V

Vaccine
measles, mumps, rubella 1, 25, 177
systemic reactions during desensitization 25
Vasculitis, urticarial 36
Venom, fire ant, in vitro determinants of IgE 329
